XXI Brazilian Meeting on Inorganic Chemistry

Belo Horizonte
September 12 - 15th
2024

CERTIFICATE

The Organizing Committee certifies that the work titled "SILVER COMPLEXES DERIVED FROM ISATIN-THIOSEMICARBAZONES: SYNTHESIS,
CYTOTOXICITY AND INITIAL DNA BINDING STUDIES", authored by "ISABELLA DE OLIVEIRA NOGUEIRA, ADELINO V. G. NETTO AND ANDRESA A. DE LIMA", was presented during the XXI Brazilian Meeting on Inorganic Chemistry and the X Brazilian Meeting on Rare Earths, held at UFMG, Belo Horizonte, MG, Brazil.

Belo Horizonte, September 15th, 2024.

Maria Heiena Araujo & Luiz Antônio S. Costa
Chair & *co-chair*

III Workshop on Theoretical Bioinorganic Chemistry

X Brazilian Meeting on Rare Earths
